

Share Computer Sound while Sharing a Video

❖ WHAT IS THIS RESOURCE?

Instructions on how to share your video audio with your class when sharing your screen

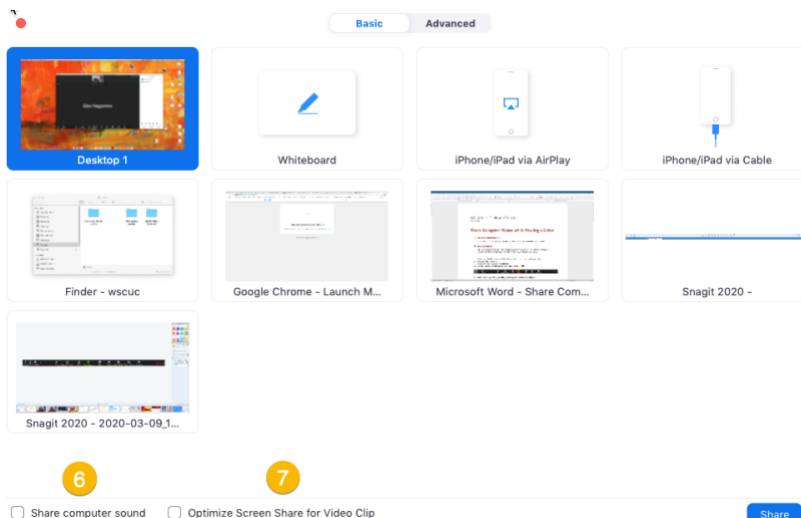

❖ HOW DO I USE IT?

If you are sharing a video or audio clip from a website such as YouTube, Vimeo, or from your PowerPoint slides the audio from that clip can be shared through Zoom as well.

1. Open the applications you want to share with your class
2. Open your Zoom meeting
3. Ensure that you are logged in as the Host
4. Click on the green "Share Screen" icon from the Zoom Toolbar

5. You will see a pop-up window where you select your desktop or applications to share
6. Click the check box in the lower left that says "Share computer sound"
7. Click the check box "Optimize Screen Share for Video Clip"

Note

Allow the open/install the Zoom Audio Device to activate the computer audio share from your computer.

If students cannot hear the audio, have them make sure their computer audio is turned on and they have the correct output device selected.

Note: If multiple screens are being shared, the sound from a particular screen can not be shared.
